**4th August 2022
Commencing at 12.30**

Microsoft Teams (use link on invitation)

Or use Dial-in details:

Teleconference number 020 3855 5885

Conference ID: 402 498 604#

DCRP/MP/21/08 - Fast Track

Replacement of the “Integrated Microgeneration and Storage” process

This modification has been submitted to the authority for decision. Amendments to EREC G98 (Amendment 7) and EREC G99 (Amendment 9) are being prepared should the decision be approved by the Authority.

An implementation date 2 months from the date of publication has been proposed.

DCRP/MP/19/09 - EREC P24 Issue 2

AC traction supplies to British rail

Any further development to P24 will be delayed to align with P29 expected publishing – P29 is currently undergoing review by members. P24 Issue 2 has seen majority of members of the group in agreement, with a further update being provided by the end of August.

DCRP/MP/20/04 - Data Exchange WG

Work is ongoing, a meeting was the INA was held and the draft documents shared for comment. Development will continue with the Working Group reviewing the feedback received from the OADs, and development of the Guidance document to accompany the schedules.

DCRP/MP/22/01 - Emergency and Restoration Code Implementation - and Distributed Restart

As a result of the removal of Distributed ReStart from GC0148, it is proposed this DCode modification be withdrawn. It is anticipated that any future changes to the code will be transferred over to the DCode equivalent of GC0156 (DCRP/MP/22/02).

DCRP/MP/22/03 / 04 – EREC P2 Issue 8 and EREP 130 Issue 4

Security of Supply

Guidance on the application of Engineering Recommendation P2, Security of Supply

Consultations have now closed with feedback received being assessed. Once complete a Report to Authority will be prepared and presented to the panel for approval.
